WORLD ARTS AND CULTURES/DANCE
SCOPE AND OBJECTIVES

Guided by an interdisciplinary faculty of artists and arts scholars, the academic programs in the Department of World Arts and Cultures/Dance (WAC/D) has three overlapping missions: (1) the formulation of critical theoretical and intercultural insights into artistic creativity and the politics of representation, (2) the creation and study of dance and other body-based modes of performance and other body-based modes of performance, and (3) mutually beneficial engagement with the diverse cultural and artistic communities of Los Angeles.

The department is an interdisciplinary unit that finds its raison d'être in a set of intellectual and artistic problems rather than an established academic discipline. By looking to world arts, the department seeks to decenter Western perspectives by recognizing that visual and performance art and other ways of knowing are situated locally and often made and distributed globally. Faculty members, who have international standing and are engaged in both creative artistic work and research, are interlocutors in dialogues about the frictions and flows implicated by the department's name. As such, World Arts and Cultures/Dance is defined by a dynamic interdisciplinary approach that encourages intercultural literacies and repertoires, including and transcending geography, ethnicity, class, and other distinctions of identity.

The undergraduate program offers majors in Dance, and in World Arts and Cultures.

The B.A. in Dance thoroughly integrates learning to dance, learning to make dances, and critical interrogation of dance as a cultural practice. Students study a variety of dance movement practices from around the world throughout their studies. They enroll in a four-term sequence in dance composition, with additional opportunities to participate in the creation of their own dances, as well as working as dancers in the creation of new works by faculty members and visiting artists. Further, they engage in a core of four courses in the study of scholarly discourse around the body and dance, launching a critical inquiry into their own study of bodily practices, internalization of the embodied experience, and how bodily ideas and embodied experiences are interpreted and communicated, both locally and globally.

The B.A. in World Arts and Cultures highlights culture and representation as key perspectives for understanding creativity in local and global arenas. Three areas of cross-cultural and interdisciplinary study are available: arts activism, critical ethnographies, and visual cultures. These areas define the department commitment to a range of practices, including ethnography, activism, visual and related expressive arts, documentary and short films, museum and curatorial studies, performance, and other creative perspectives and methods. Courses combine theory and practice and are grounded in culturally diverse artistic expressions.

All students are encouraged to complement the required set of core and elective departmental courses with others offered across campus, such as courses from ethnic and area studies programs, and may organize their course of study in relation to particular interests or professional goals (e.g., international comparative studies, intercultural studies, education, area specializations such as Africa, Asia, or Latin America, minority discourse, gender studies).

The graduate program offers Master of Arts and Ph.D. degrees in Culture and Performance and a Master of Fine Arts in Dance, with an emphasis on choreography. Culture and Performance students research communities, cultures, and transnational movements through heritage and globalization studies, multivocal ethnographies, dance and theories of corporeality and embodiment, visual and material culture, critical museum and curatorial studies, documentary practice and Internet interventions, as well as arts activism and interdisciplinary art-making. The M.F.A. in Dance offers opportunities to engage multiple movement practices as students work on pioneering research in the form of new choreography. Students may focus on media, dance studies theory, and theories of the body as supplements to their work as choreographers. The Art | Global Health Center within the department presents further opportunities for leaning and practice.

While operating with considerable independence, the two graduate degree areas are unified by the department’s common concern for aesthetic production, corporeality and performance, the dynamics of tradition, and culture-building in contemporary societies. Connections are forged between critical theory and artistic practices, and attention is given to the changing social roles and responsibilities of artists, practitioners, and scholars of the arts in the U.S. and worldwide.

Undergraduates and graduates have excelled in fields including technology and the arts, videography, documentary work, public service, education, theatrical/events production, performing arts, urban planning, law, environmental activism, public health, and medicine. They have made careers in community nonprofits and activist groups, government arts agencies, museums, and arts foundations. Potential careers for M.A., Ph.D., and M.F.A. graduates also include positions in research universities and colleges, and M.F.A. graduates are active as choreographers/performers in their own companies or with other professional organizations.
WORLD ARTS AND CULTURES/DANCE  
MISSION STATEMENT

Defined by a dynamic blend of theory and practice, World Arts and Cultures/Dance (WACD) is led by a renowned faculty of scholars, activists, curators, filmmakers, and choreographers dedicated to critical cross-cultural analysis and art-making. Our department is the place to make dances, explore digital media, curate exhibitions, become an arts activist, and develop scholarly expertise in culture and the arts. We draw upon multiple disciplines and artistic approaches while encouraging students to position their work within broad social contexts.

In our World Arts and Cultures BA, we emphasize arts activism, visual cultures, and critical ethnographies. The Dance BA integrates composition, training, and improvisation, while challenging students to locate dance politically, culturally, and historically. Our MFA in Dance promotes adventurous choreographic inquiry and engages with global discourses around the body and performance. The MA/PhD programs address theories of corporeality, performance, visuality, and culture, offering interdisciplinary training that fosters independent research. The Art & Global Health Center enables undergraduate and graduate students to explore art as a life-saving activity.

WACD’s path-breaking programs are committed to academic excellence, diversity, freedom of expression, activism, and social transformation through the arts.

Welcome to the Department of World Arts and Cultures/Dance!

As a new undergraduate student at UCLA, you may be unfamiliar with departmental policies and procedures. This guide contains information regarding both the Department of World Arts and Cultures/Dance and UCLA that will help make your transition into UCLA an easier one.

Please do not hesitate to contact the WACD Student Affairs Office any time that you need assistance.

VICE CHAIR OF UNDERGRADUATE AFFAIRS WELCOME

Welcome, new students! We are delighted that you have chosen us, just as we have chosen you! Despite the size of UCLA, WACD is small. We want to get to know you and will hope to see you in class, as well as at performances and other cultural events. You are the most important part of what we do here, and we look forward to meeting you, and seeing you in action as the year unfolds.

As you begin to find your way from place to place and class to class, please consider stopping by my office and introducing yourself to me. I welcome any opportunity to discuss the undergraduate major with you. I can be found in Kaufman 140A, and can always be reached via email: vmarks@arts.ucla.edu

VICTORIA MARKS, VICE CHAIR OF UNDERGRADUATE AFFAIRS

Victoria Marks is a Professor in the Department of World Arts and Cultures/Dance at UCLA, where she has been teaching choreography and leading special projects since 1995. Marks takes a special interest in the BA program, where she serves as undergrad faculty advisor. In this capacity, Marks hopes to get to know all of our WACD students, building better communications, a strong student undergraduate student council, and a nationally recognized curriculum. As a choreographer, Victoria Marks creates dances for the stage, for film, and in community settings. Recent work has considered the politics of citizenship, as well as the representation of both virtuosity and disability. Marks is a 2005 Guggenheim Fellow and has received numerous grants and fellowships, including from the Irvine Foundation, National Endowment for the Arts, Los Angeles City Department of Cultural Affairs. New York State Council on the Arts, New York Foundation for the Arts, and the London Arts Board, among others. In 1997, Marks was honored with the Alpert Award for Outstanding Achievement in Choreography. She has received two Fulbright Fellowships in Choreography, and numerous awards for her dance films, including the Grand Prix in the Video Dance Festival (1996 and 1995), the Golden Antenae Award from Bulgaria, the IMZ Award for best screen choreography and the Best of Show in the Dance Film Association’s Dance and the Camera Festival.

The Senior Honors Project (WL ARTS 186A and 186B) is an option for the Dance major. The Senior Honors Project is intended as a capstone experience, a creative culmination of the major focus/foci of the students’ studies in WACD. It is an in-depth, rigorous endeavor; an opportunity to apply the skills and knowledge that each individual student has accumulated. It can be a launching pad for individual career vectors. Through these projects, individual students begin developing networks of relationships with others working in their fields of interest both within and outside the university. Only the strongest proposals will be considered.

The collective aspect of the experience is also very important. By tracking and supporting each other’s processes, students will have the opportunity to problem-solve for each other, to hone critical thinking skills across disciplinary lines, and to develop abilities to articulate that thinking.

The senior project course sequence meets both winter and spring quarter with the final presentation in spring quarter.

Preparation for the Senior Honors Project:

Students planning to present work in any medium will need to work closely with their faculty advisors in order to be appropriately prepared to present their work. Along with the required WAC 70 production credit, performance-based students may want to consider taking DANCE 171 (Topics in Production Design) to strengthen their knowledge of production. Prior completion of choreographic or project-creation work must be evident. Performance-based students are also strongly encouraged to present choreographic works on or off campus prior to their senior project year. If a student’s project involves a video component, they are required to successfully complete Video Production in the Arts [WL ART C180] prior to Winter quarter of their senior year.

Students making presentations based upon scholarly research and/or ethnographic documentation are expected to have completed an individual course of studies specifically relevant to the content of their projects. (For example, a student whose project focuses on performance in South Africa should take relevant courses in African Studies, both inside and outside of the Department.) Students planning to use video, HTML-based web design, or computer graphics must have prior experience in these technologies.

Students planning to work collaboratively or to create interdisciplinary projects that cross the boundary between scholarship and performance should be prepared to specify their plans in considerable detail. (While we do want to encourage collaborative work, students should be aware that expectations for a project involving two people are twice as high as those for an individual project.)
Entering Freshman/ Checklist (Dance Major)

Below is a checklist outlining the graduation requirements for an **entering freshman** pursuing the Dance Major. Students should complete the listed major courses by the end of each designated year (this checklist does not include University and School requirements). In addition, students should consult with the WACD Counselor each quarter to confirm specific course selection.

*To be considered a full-time student (especially for the purpose of financial aid), students must be enrolled in a minimum of 12 units each quarter.

**DANCE 16, 67A and B are prerequisites of 117A and 117B.  117A and 117B may be taken out of sequence.
NOTE:

1. Courses must be taken for a letter-grade to count towards the major. The only exception is when the course is only offered as P/NP.

2. WL ARTS 70 is offered every quarter. This **required** class offers credit to students when they help with the production of a departmental performance or event. Students should take this course by the end of their sophomore year at the latest.

3. Sr. Honors Project (WL ARTS 186A/B) is an option. Consult with Student Affairs Officer during Junior year.

4. Students are required to complete 48 units of Movement Practice, which are approximately two movement courses per quarter. Should a student become injured during any given quarter, they will need to discuss the injury with their instructor(s) to assess whether the student will be unable to participate in more than two weeks of their movement practice course(s). If the instructor(s) determines that the injury will prevent the student from participating in their course(s) for more than two weeks, the student will need to DROP the course(s). The DROP deadline for non-impacted courses is the Friday of the fourth week of the quarter and students can drop through URSA. Should the injury occur after the fourth week of instruction, the student is responsible for obtaining the LATE DROP petition from the department’s Student Affairs Office or the Office of Student Services. Both the student and instructor will need to fill out the front and back of the petition explaining the type of injury, why the student is unable to participate in more than two weeks of instruction, and submit the petition to the Office of Student Services as soon as possible. Please note that approved LATE DROP petitions are assessed a LATE DROP fee and the drop will be noted on the transcript.

5. Petition for a class outside of the department to count for a major requirement **must be finalized by Friday of the 7th week of the preceding quarter.**

6. Petitions submitted the quarter of graduation are more likely to not be approved.

7. Refer to UCLA’s School of Arts and Architecture Proficiency and General Education Requirements for University and School requirements to graduate.

8. UCLA requires that of the minimum 180 units required to graduate. At least 64 units must be upper division level. At least 12 units must be designated as Upper Division Non-Major.

9. To graduate with Latin Honors, transfer students must complete a minimum of 90 graded units at UCLA with a specific GPA (which is recalculated by the School of the Arts and Architecture each year).

10. Students must carry a 3.0 overall GPA and a 3.0 GPA from the previous quarter (with all courses passed) in order to take over 20 units in any given quarter.

11. To be considered a full-time student (especially for the purpose of financial aid), students must be enrolled in a minimum of **12 units** each quarter.

12. To take over 20 units any quarter requires approval by The School of the Arts and Architecture.

13. Students planning on going abroad for part or all of their junior year, must see the WACD Counselor for course planning and scheduling both here and abroad before entering sophomore year.
### Entering Transfer/ Checklist (Dance Major)

Below is a checklist outlining the graduation requirements for **entering transfer students** pursuing the Dance Major. This plan assumes that all general education requirements (including three quarters of a language) have been met as well as some lower division Dance requirement equivalents. The plan also assumes that the student will have received at least **20 quarter units** of dance Movement Practices credit at entrance. Students should consult with the WACD Counselor each quarter to confirm specific course selection.

Entering Transfer/Sample Schedule (Dance Major)

Below is a sample two-year plan outlining the graduation requirements for an entering transfer student pursuing the Dance Major. This plan assumes that all general education requirements (including three quarters of a language) have been met as well as some lower division Dance requirement equivalents. The plan also assumes that the student will have received at least 20 quarter units of dance Movement Practices credit at entrance. Courses in BOLD during junior year should be taken the quarter indicated.

This sample schedule is a suggestion as to how a student may complete their major and University/School requirements to graduate. Course offerings are subject to change. It is the student’s responsibility to ensure all requirements are met. Students should consult with WACD Counselor each quarter to confirm specific course selection.

*To be considered a full-time student (especially for the purpose of financial aid), students must be enrolled in a minimum of 12 units each quarter.

**DANCE 16, 67A and B are prerequisites of 117A and 117B. 117A and 117B may be taken out of sequence.
NOTE:

1. Courses must be taken for a letter-grade to count towards the major. The only exception is when the course is only offered as P/NP.

2. WL ARTS 70 is offered every quarter. This required class offers credit to students when they help with the production of a departmental performance or event. Students should take this course by the end of their sophomore year at the latest.

3. Sr. Honors Project (WL ARTS 186A/B) is an option. Consult with Student Affairs Officer during Junior year.

4. Students are required to complete 48 units of Movement Practice, which are approximately two movement courses per quarter. Should a student become injured during any given quarter, they will need to discuss the injury with their instructor(s) to assess whether the student will be unable to participate in more than two weeks of their movement practice course(s). If the instructor(s) determines that the injury will prevent the student from participating in their course(s) for more than two weeks, the student will need to DROP the course(s). The DROP deadline for non-impacted courses is the Friday of the fourth week of the quarter and students can drop through URSA. Should the injury occur after the fourth week of instruction, the student is responsible for obtaining the LATE DROP petition from the department’s Student Affairs Office or the Office of Student Services. Both the student and instructor will need to fill out the front and back of the petition explaining the type of injury, why the student is unable to participate in more than two weeks of instruction, and submit the petition to the Office of Student Services as soon as possible. Please note that approved LATE DROP petitions are assessed a LATE DROP fee and the drop will be noted on the transcript.

5. Transfer equivalents may be determined when meeting with the WACD Counselor.

6. Petition for a class outside of the department to count for a major requirement must be finalized by Friday of the 7th week of the preceding quarter.

7. Petitions submitted the quarter of graduation are more likely to not be approved.

8. Refer to UCLA’s School of Arts and Architecture Proficiency and General Education Requirements for University and School requirements to graduate.

9. UCLA requires that of the minimum 180 units required to graduate. At least 64 units must be upper division level. At least 12 units must be designated as Upper Division Non-Major.

10. To graduate with Latin Honors, transfer students must complete a minimum of 90 graded units at UCLA with a specific GPA (which is recalculated by the School of the Arts and Architecture each year).

11. Students must carry a 3.0 overall GPA and a 3.0 GPA from the previous quarter (with all courses passed) in order to take over 20 units in any given quarter.

12. To be considered a full-time student (especially for the purpose of financial aid), students must be enrolled in a minimum of 12 units each quarter.

13. To take over 20 units any quarter requires approval by The School of the Arts and Architecture.

14. Students planning on going abroad for part or all of their junior year, must see the WACD Counselor for course planning and scheduling both here and abroad before entering sophomore year.

Units that can overlap:
The Senior Project (WL ARTS 186 A and 186B) is intended as a capstone experience, a creative culmination of the major stream(s) students’ studies in WACD. It is an in-depth, rigorous endeavor. It is a venue for applying the skills and knowledge that each individual student has accumulated. It is a launching pad for individual career vectors. Through these projects, individual students begin developing networks of relationships with others working in their fields of interest within and outside the university. Only the strongest proposals will be considered.

The collective aspect of the experience is also very important. By tracking and supporting each other’s processes, students will have the opportunity to problem-solve for each other, to hone critical thinking skills across disciplinary lines, and to develop abilities to articulate that thinking.

The senior project course sequence meets both winter and spring quarter with the final presentation in spring quarter.

The Senior Focus is an opportunity for World Arts and Cultures major students to propose equivalent coursework, with faculty approval. The focus of 10 units’ coursework reflects an in-depth study in the student’s area(s) of interest(s). Student must propose either the Senior Project or the Senior Focus (total of 10 units) to complete this requirement.

Preparation for the Senior Project or Senior Focus:

Students must enroll into WL ARTS 124 their sophomore or junior year to prepare their proposal for Senior Project or Senior Focus. Additionally, students are encouraged to discuss the options of Senior Project and Senior Focus with the Student Affairs Officer.

Senior Project (186A and 186B)

Students planning to present work in any medium will need to work closely with their faculty advisors in order to be appropriately prepared to present their work. Performance-based students may want to consider taking WAC 70 production credit along with DANCE 171 (Topics in Production Design) to strengthen their knowledge of production. Prior completion of performance-based or project-creation work must be evident. Performance-based students are also strongly encouraged to present choreographic works on or off campus prior to their senior project year.

Students making presentations based upon scholarly research and/or ethnographic documentation are expected to have completed an individual course of studies specifically relevant to the content of their projects. (For example, a student whose project focuses on performance in South Africa should take relevant courses in African Studies, both inside and outside of the Department.) Students planning to use video, HTML-based web design, or computer graphics must have prior experience in these technologies. (NOTE: If a student’s project involves a video component, they are required to successfully complete Video Production in the Arts [WAC C180] prior to Winter quarter of their senior year.)

Students planning to work collaboratively or to create interdisciplinary projects that cross the boundary between scholarship and performance should be prepared to specify their plans in considerable detail to the Vice Chair as well as with the Student Affairs Officer. (While we do want to encourage collaborative work, students should be aware that expectations for a project involving two people are twice as high as those for an individual project.)

Senior Focus (10 units)

Students who plan to do a Senior Focus in lieu of the Senior Project are expected to propose their 10 units of coursework to the Student Affairs Officer to be approved. Once approved, students must complete the courses proposed. If a student needs to propose new coursework, they must meet with the Student Affairs Officer to obtain approval of the new coursework.
Below is a checklist outlining the graduation requirements for an **entering freshman** pursuing the World Arts & Cultures Major. Students should complete the listed courses by the end of each designated year. In addition, students should consult with WACD Counselor each quarter to confirm specific course selection.
