5. VIDEO AUDITION

NOTE: In response to the global COVID-19 pandemic, the Department of World Arts and Cultures/Dance (WACD) asks all applicants to audition by pre-recorded video only. We will not hold live auditions for this year's admission cycle (Fall 2021).

A Message from the WACD Dance Faculty: *We understand that you are applying to college in extraordinary times. We expect that many of you may not have access to quiet studios, updated technology, or instruction/mentorship. We have designed our video audition guidelines so that if you have a smartphone and some space in which to move—a parking lot, a bedroom, a field, a quiet street—you can audition for us successfully. We trust in your resilience, ingenuity, creativity, and determination, and look forward to seeing what you will do!*

Your video audition will consist of **TWO required elements**, to be uploaded as two separate video files.

- I. **Choreography video:** Prepare a 60-second self-choreographed solo, highlighting your own choreographic concepts, esthetics, ideas, values, and imagination. *In this video, we will be evaluating your potential for COMPOSING dances.*
 - Record your 60-second solo in a single take. Video your entire phrase with no interruption.
 - Do not edit the visual: any visual editing (ex. cuts, fades, special effects, titles, captions) will result in disqualification.
 - Sound editing is not required nor expected. We will be evaluating your choreography, so please do not feel compelled to edit your audio.
 - Please provide a brief written summary (maximum 200 words) describing your inspirations, sources, process, and motivations for your choreography. Include the date of the piece. If you are using music/sound, please provide credits.
 - Faculty will review up to 60 seconds; be mindful of the time limit.

- II. **Movement video:** Prepare a 30-second video that highlights your movement abilities. If possible, this should be in a different/contrasting style and/or form from your solo choreography video. This could be a movement sequence derived from a class, another person's choreography, public multimedia (ex. YouTube, Vimeo, social media, etc.), a world dance form, improvisation, or your own choreography. *In this video, we will be evaluating your DANCING potential only, not the composition of the movement.*
 - Record your 30-second movement sequence in a single take. Video your entire phrase with no interruption.
 - Do not edit the visual: any visual editing (ex. cuts, fades, special effects, titles, captions) will result in disqualification.
 - Sound editing is not required nor expected. We will be evaluating your dancing, so please do not feel compelled to edit your audio.

- Please provide a brief written summary (maximum 200 words) describing why you chose this movement sequence and how it is different from your choreography. Include the date that you made this video. If you are performing work choreographed by other people—which you are more than welcome to do for this element—include credits. If you are using music/sound, please provide credits.
- Faculty will review up to 30 seconds; be mindful of the time limit.

As you prepare...

- We encourage you to show us your interest, practice, and investment in any and all dance forms or traditions of your choosing.
- Please feel free to wear attire that complements your dancing, including costumes. Garments should be fitted so that your body is visible.

Guidelines for Videoing:

- Please record your video in horizontal/landscape format, NOT vertical/profile.
- Ensure that you are clearly visible, well lit, in focus, and that your whole body is always entirely within the frame. No closeups.
- You may video static frame or tracking shot, whatever works best for you.
- Do not edit the visual: any visual editing (ex. cuts, fades, special effects, titles, captions) will result in disqualification.
- With regard to sound editing, this is entirely your choice. If you are able to easily edit your audio and would prefer to (ex. music overlay to adjust for environmental noise), please feel free. If you are not comfortable with sound editing, please don't worry... if, for example, you are outdoors with amplified music and people walk past talking during your best take, the faculty will welcome the opportunity to see how you relate to sound/music in the moment. Sound quality will in no way be an impediment to your review.

More guidance for the video audition can be found at <https://wacd.ucla.edu/programs/apply/undergraduate/dance>.

Accepted Video Formats: Dvix (Div3/4/5)/DX50, DV, H263, H264/AVC, MPEG-4 Visual, MPEG-1/2, MJPG, MP42/3, IV40/50 (Indeo codecs), RV30/40, RMVB, FLV1/4, VP3/5/6/7/8, SVQ1/3 (Sorenson), XVID, Theora, WMV1/2/3, VC1, VP8, ProRes 422, ICOD, DVCPRO, PXL, TCSS/TCS2, G2M3/4
